The College Internship is a **PAID** summer program.

STATEMENT OF PURPOSE

Stockbridge-Munsee Community supports practical training so students who pursue internships during their undergraduate years are better prepared to enter the job market after graduation. They have a wonderful opportunity to develop a clear idea of the kind of work they like or don't like. They gain skills in writing, speaking, working as members of a team, and possibly specialized skills in technical fields. More important, student interns become familiar with the real world of work, learn about government agencies, non-profit organizations and businesses, and they make contact and network with potential employers and professionals in their fields. Some recruiters believe that undertaking an internship during college is the smartest step a student can take toward a first job.
