

6-01-2021

Good afternoon,

First, I would like to thank you for the help you provide veterans to find gainful employment the work you do is important. Being as this is Memorial Day weekend, I would like to say, an additional, thank you, for the service you have provided this country. You and your family's have made sacrifices all American's owe our gratitude to you. Thank you!

I am a contract recruiter who works with Fabcon Precast. We specialize in the fabrication of precast concrete wall panels and floor slabs. We have 7 manufacturing plants in the mid-west and out east. We have multiple positions available at each one of our locations. With a lot of people looking for work, I thought to reach out to several states in hope that people who are looking at moving to another state for one-reason-or-another, we thought out reaching out to you. We hope you would share our link to our career page with your veterans who may be looking to move to one of the states we are in (MN, OH, PA, KS, MI and NY).

Career page, <https://fabconprecast.com/about/careers-at-fabcon/>.

If you do not find a need for passing along this email, please feel free to disregard. Otherwise, please feel free to reach out if you have further questions. Have a restful Memorial Day!

Kind regards,

Joy Thomas | Contract Recruiter | Fabcon Precast
